

Easily Connects You to Family and Friends

See and hear your loved ones. See family photos and watch home videos. It's easy, even if you have NO computer experience.

"VitalLink is an amazing resource for older adults who wish to remain socially connected with friends and family - yet are separated by time, distance or personal circumstances."

Dr. Keith Savell - CEO, Geriatric Healthcare Cons.

B.G.
Hamburg, Germany

"I used to speak to my son once or twice a week on the telephone and saw him only once a year because he lives so far away.

With VitalLink I now see him daily. I can't wait to turn on the computer in the afternoon to see if he is available to talk to me. Often my grandkids are there and they say hello. Sometimes I even get to meet their friends. It is so easy. I would have never believed that I could do this."

S.B.
Princeton, New Jersey

"Whenever my daughter had photos of the kids, she had to email them to a friend at a photo store so that he could print them out for me. Now, I can see my daughter every day, and when she is on vacation the photos from her trip appear on my screen even before she is back home. This is just wonderful."

T.J.
Springfield, Illinois

"I thought I'd never use a computer, but VitalLink makes it so easy. All I do is push the ON button which has a yellow sticker on it, and in a little while I see photos of my kids on the screen. I touch a photo on the screen, and then I can see them and have a conversation with them. I never thought it would be so easy."

VitalLink makes it easy to stay in touch

VitalLink is easy to use and offers many features to stay connected with family and friends. Some of VitalLink's features include:

- HEAR and SEE your loved ones
- Make and receive regular phone calls
- View family photos and home videos

No prior computer experience is required to use VitalLink. It's as easy as one, two, three.

- Start with the calling feature
- View photos and videos when you are ready
- Use additional features when you are comfortable

VitalLink can be setup for you by a family member
